

Do you feel passionately that access to the countryside should be protected and improved?

If you would like to be involved in working to achieve this, the West Sussex Local Access Forum would love to hear from you.

The Forum meets 4 times a year and members represent a wide range of interests, balanced between users, landowner/managers and other interests.

For more details please call the Forum Officer on 01243 777620, email wslaf@westsussex.gov.uk or visit www.wslaf.org

* The West Sussex Local Access Forum covers the area of West Sussex outside of the South Downs National Park
